

Anti-Static Powder Tubing

Wouldn't You Like to Have...

- Consistent powder flow?
- No tribocharging or pinholing?
- Less impact fusion and powder buildup?
- Less maintenance and down time?

Now you can – with anti-static powder tubing from Nordson.

Nordson's anti-static powder tubing provides consistent flow for your powder applications. The tubing is available in three ID sizes and all contain an internal copper wire that provides a positive path to ground.

For more information, speak with your Nordson representative or contact your Nordson regional office.
