

2K Cordless Dispense Guns

The most powerful, portable two-component (2K) dispensing option

Cordless dispense guns provide a highly portable, powerful option for dispensing two-component fluids.

EFD 2K cordless dispense guns are ideal for high-volume applications.

2K cordless dispense guns from Nordson EFD provide the most mobility with 950 lbs (431 kg) of force for high-volume applications such as wide joints. They are also ideal for dispensing thick two-component materials and applications involving long static mixing nozzles.

Though they tend to be the heavier than 2K manual and pneumatic dispense guns, EFD cordless guns feature a rechargeable lithium-ion battery that is 50% lighter than Nickel-Cadmium batteries. The battery has a 50% faster recharge time of approximately 30 minutes and 40% longer run time with no fade compared to other batteries.

EFD 2K cordless dispense guns feature an ergonomic design that reduces wrist strain. Instant drive disengagement when the trigger is released allows for controlled shutoff of 2K adhesives and sealants. Each gun comes with one battery and one charger.

Features

- Constant flow with no motor oscillation
- 950 lbs (431 kg) of force
- Instant drive disengagement
- Fuel gauge
- Lock switch

Benefits

- Lithium-ion battery technology creates a powerful dispensing solution with proven reliability
- Instant drive disengagement provides better flow control
- User-friendly fuel gauge offers the convenience of identifying a low battery charge
- Lock switch preserves battery life by preventing the gun from accidentally running and wasting battery charge

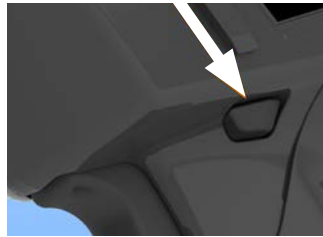

more info

Battery level indicator shows when the battery needs to be charged.

Lock switch prevents the gun from running when not in use.

Speed control allows users to control material flow.

CORDLESS DISPENSE GUNS

Part #	Volume	Cartridge Size	Ratio	Description	Weight (lb/kg)
7361827*	450mL	300 x 150	2:1	Battery operated, UK	14.3 / 6.5
	600mL	300 x 300	1:1	Battery operated, UK	14.3 / 6.5

*Gun (P/N 7361827) is compatible with collapsible Film-Pak cartridges when configured for use with 300 x 300 cartridges. Order reusable aluminum Film-Pak retainer system (P/N 7363767) and strap kit (P/N 7363705) for the complete system.

CORDLESS DISPENSE GUN SPARE PARTS

Part #	Description	Weight (lb/kg)
7361168	18 Volt battery	0.9 / 0.4
7361169	18 Volt battery charger	1.4 / 0.6
7361170	18 Volt battery EU charger	1.5 / 0.7
7361711	18 Volt battery UK charger	1.5 / 0.7
